

WNS Recognized as a 'Leader' in Wealth and Asset Management Services by NelsonHall

Tuesday, July 23, 2024

NEW YORK & LONDON & MUMBAI, India--(BUSINESS WIRE)--Jul. 23, 2024-- WNS (Holdings) Limited (NYSE: WNS), a leading provider of global digital-led Business Process Management (BPM) solutions, today announced that it has been recognized as a 'Leader' in NelsonHall's 2024 NEAT Vendor Evaluation for [Wealth and Asset Management Services](#).

NelsonHall evaluated vendors on their ability to provide immediate benefits and meet future client needs, identifying WNS as a 'Leader' in the overall market segment for wealth and asset management services. WNS' expanding capabilities in hyperautomation, platform-based research and analytics, data consulting, data management, and AI were highlighted as key investments over the past three years.

In addition, the NelsonHall report cites WNS' proprietary portfolio of Artificial Intelligence (AI) and Robotic Process Automation (RPA) solutions, mature market presence in wealth management, domain-specific process automation experience, and combined operational and technology service offerings for investment and credit research delivery as core strengths.

"Wealth and asset management firms increasingly see AI and Gen AI as part of their strategic digital investments. Backed by our deep domain knowledge and technology-enabled industry-specific solutions, WNS is well-positioned to partner with these firms to drive their transformation agendas forward and create incremental value," said Keshav R. Muruges, Group CEO, WNS.

"WNS' BPS and IT services for Wealth and Asset Management enable clients to transform their research, data management, automation, and investment operations efficiently and drive growth in profits," said Andy Efstathiou, Program Director for Banking at NelsonHall. "WNS' proprietary tools for automation, AI implementation, and data extraction enable clients to better source, manage, and analyze data to make informed decisions."

WNS has 15+ years of experience supporting some of the world's largest [asset management, wealth management, and investment banking companies](#). The company's solutions cover the entire end-to-end value chain across research services, front office support, and back office operations. WNS has comprehensive industry expertise and best practices frameworks for investment operations including trade execution, settlement, reconciliation, and reporting. [WNS' Research and Analytics CoE](#) comprises of fixed income analysts, equity sector analysts, economists, and data engineers to support investment model development and validation, portfolio analytics, risk management, and reporting.
